#### LOCAL AND GENERAL.

##### The French at Macao.

In the House of Commons on the 30th  
June, Mr. Weir, who seems to have taken  
the Far East, and particularly Hongkong,  
under his wing, asked the Under-Secretary  
for Foreign Affairs whether he had any  
official information that a telegram had been  
received from Hongkong to the effect that  
the French flagships and two French gun-  
boats arrived at Macao on 26th June, and  
would he now state the result of his inquiry  
in regard to the report that the French  
Government had recently acquired territory  
near Macao. Lord Cranborne: We have  
not heard of the arrival of any French man-  
of-war at Macao. According to our infor-  
mation a piece of ground near Macao had  
been purchased by French missionaries for  
the erection of a hospital.

##### Hongkong Plague Hospital.

Mr. Weir, in the House of Commons  
on the 23rd June, said: I beg to ask the  
Secretary of State for the Colonies whether  
he was aware that there is only one physi-  
cian in charge of the Kennedy Town Plague  
Hospital, Hongkong; and, in view of the  
requirements of the patients, will he con-  
sider the expediency of calling for a re-  
port on the subject, with a view to a larger  
and better trained staff being provided for  
this hospital? Mr. J. Chamberlain: The  
staff at the Kennedy Town Hospital for  
infectious diseases, which is, I am told,  
within easy reach of the civil hospital, in-  
cludes a resident medical officer, two trained  
European wardens, and two trained  
nurses. According to the latest returns the  
total number of beds is 28, and the daily  
average of cases in hospital less than three.  
Under these circumstances I see no neces-  
sity to interfere with the arrangements  
made by the Colonial Government, with  
the advice of the principal civil medical  
officer.

##### Capt. Jellicoe's Marriage.

The marriage of Captain C. Rushworth  
Jellicoe, C.B., R.N., son of Captain  
Jellicoe, of Ryde, Isle of Wight, to  
Miss Florence Grace-Scott, daughter  
of Sir Charles Grace-Scott, M.D., of Bal-  
ston, Kentonshire, and Garmore, Perth-  
shire, was celebrated on 1st July, at Holy  
Trinity Church, St. James's Street. The  
bride was attended by her sister, Miss C. Cayzer,  
Miss Jellicoe (sister of the bridegroom),  
Miss Worthington (cousin of the bride-  
groom), Miss Agnes Blyth, Miss Duff,  
Miss H. Sturdy, and Miss C. Donaldson,  
and by a little page, Masters Jack and  
Horrie Venker (nephews of the bride).  
The bridegroom was supported by Lieut.  
Colonel Astor, C.B., R.M.A., as best  
man. The service was fully choral, and  
was conducted by the Rev. F. G. G.  
Jellicoe, of Alverstoke, Hants, brother  
of the bridegroom. The bride was given  
away by her father, H.H.H. Prince  
Henry of Prussia was represented by  
Captain Cooper, Imperial German Navy,  
and there was a large and distinguished  
company present.

##### Leikin at Canton and Swatow.

The *L. and C. Express* of the 4th July  
says:—With reference to the statement  
that the Leikin Office at Canton seeks to  
impose a 5 per cent. duty in addition to  
the usual 5 per cent. Customs duty on  
goods, and that new import duties are be-  
ing imposed at Swatow and elsewhere in  
China, Mr. Schramm asked the Foreign  
Office whether the consent of Great Britain  
and the other Powers has been given, and  
what steps the Government propose to  
take to prevent such imposition within  
the free areas in China. From Lord  
Chamberlain's reply it appears that no tax-  
ation in addition to the import duty can be  
imposed within a *leikin* free area, and if  
this had been done at Canton or elsewhere  
representations would at once be made in  
the proper quarter by His Majesty's repre-  
sentatives. So far, the Foreign Office have  
received no information of such repre-  
sentations. If any dispute has arisen as to the  
limits of any *leikin* free area no doubt the  
circumstances will be reported.

He: "You told your mother I was sorry  
for having made an idiot of myself at her  
cancer party last night—what did she say?"  
She: "Oh, she said she noticed nothing  
unusual."

##### Notes by the Way.

The Naval Review has been fixed for  
the 10th August.

Dr. W. G. Orme has made his 100th  
century in English cricket.

The two properties advertised for sale  
at Mr. C. P. Lammert's Sales Rooms to-  
day were not disposed of.

It is the opinion of experts that the  
destruction of the Campanile of St. Mark's  
forbodes the fate of the City of Venice.  
They say that it is doomed.

Henry Beels, who was charged with  
the murder of Mr. Murray Spicer last  
month, in London, has been found guilty  
of manslaughter, and sentenced to seven  
years' penal servitude.

The Egyptian Government is following  
the example of Australia in indenting upon  
India for Martini-Henry ammunition, and  
the Government of India has consented to  
supply a million rolled case cartridges.

The *Times* of 29th July, 1902, says:  
—The Rev. Sidney L. Clarke, M.A., Chap-  
lain and Naval Instructor of R.M.S.  
*Amphitrite*, who was admitted into hospital  
yesterday, rejoined his vessel this morning.  
He underwent a slight operation for a  
swollen hand.

The following are the principal cricket-  
ers who figure on the Civil side of  
Thursday's Corporation list:—Privy Coun-  
cillors: Arthur Jeffreys, M.P. (Oxon),

(Oxon, Oxford, and Essex); Knights:  
A. Conan Doyle (Stoughton and M.C.C.),

Henry Berge (Brighton).

Lady Gascoigne, postponed from June 28th  
will be held on Monday, August 11, at the  
same hour and place; all those who origi-  
nally received invitations are hereby invited  
to attend.

##### Overcrowding in Hongkong.

On the 23rd June, Mr. Weir asked in  
the House of Commons, if the Secretary  
of State for the Colonies would state  
whether the provisions contained in Sec-  
tions 77 to 80 of the Public Health Ord-  
inance, No. 15 of 1901, relative to over-  
crowding in the city of Hongkong, are  
enforced; and, if so, would he say how  
many persons have been deputed by the  
Hongkong Government to enforce this  
Public Health Ordinance. Mr. J. Cham-  
berlain: The answer to the first part of  
the question is in the affirmative. In  
answer to the second part, I can only say  
that the total number of the sanitary staff  
of the colony is about 140.

##### Commodore Powell.

There was general satisfaction among  
his numerous friends in Hongkong when it  
became known that this popular naval  
officer had been made the recipient of a  
Companion Honour. Sir F. Powell was  
one of the most popular Commodores that  
ever served in Hongkong. He did much  
to make the wheels of the official machinery  
to run smoothly. His kind and courteous  
manner with his subordinates winning  
their loyal devotion and esteem. With  
the military and civilian elements of the  
community he was none the less popular,  
and he carried with him when he left the  
Colony the unstinted good wishes of all  
with whom he came in contact. We trust  
there are still higher honours in store for  
him.

##### Alleged Breach of Trust.

This morning, at the Magistrate's  
Court, a Japanese was remanded on a charge  
of criminal breach of trust committed within  
the jurisdiction of Singapore. Telegraphic  
information relating to the crime reached  
Hongkong the other day, and consequently  
the police were on the look out for the  
prisoner. It appears that he left Singa-  
pore, along with a boy and his wife and  
two other Japanese women, on board a  
steamer called the *Panagiotis*. On reach-  
ing Hongkong, the whole lot joined Mr. A. R.  
Marty's steamer *Hoboken*, in which they  
came on to Hongkong. Yesterday, Ser-  
geant Baileg, of the Water Police, spotted  
the prisoner and his companions on a steam-  
er, and arrested them. All but the pris-  
oner, who name is Kawakami, were  
released.

#### LOCAL AND GENERAL.

##### Plague.

The plague cases reported to-day  
numbered two only.

##### Yawning in Court.

The Japanese gentleman, who was  
sentenced to six weeks' imprisonment for  
yawning in Court is still in prison, and is  
reported to be suffering from brain fever.  
The whole case from the beginning has  
been ludicrous, says a Kobe contemporary.  
It may yet become tragic.

##### August Bank Holiday.

Monday next, the 4th of August, be-  
ing a Bank Holiday, the Post Office will be  
open for one hour only, from 8 a.m. to 9  
a.m. Correspondence for Local Delivery  
may be posted up to 9 a.m. The Night  
Box will be kept open during the time the  
office is closed. The Money Order Office  
will be entirely closed on that day.

##### Short Time in Lancashire.

A London telegram dated 11th inst.,  
says:—At a meeting of cotton spinners in  
Manchester, to-day, the masters of the  
Federation of South-East Lancashire, who  
had convened the meeting, recommended  
short-time working; but the Bolton spin-  
ners declined to agree to the proposal for  
the present. The Federation, thus acting  
alone, has decided to send a circular to the  
whole of the trade, asking the spinners to  
close the mills on Saturdays and Mondays  
for two months. It was further decided  
that, unless 80 per cent. of the spinners in  
the federation area adopt short time, no  
action will be taken.

##### New Admirals.

It is reported (says a House journal)  
that Commodore Hedworth Lamont, Cap-  
tain Prince Louis of Battenberg, and Cap-  
tain Perry Scott are to be promoted Rear-  
Admirals at once by selection. The first  
named would, in any case, obtain his  
promotion at an early date, but in the other  
two cases, the promotion will be a distinct  
mark of Admiralty recognition of their  
services. We hope that an opportunity  
will also be given to these officers to hoist  
their flags at an early date. It is of no use  
to withdraw them from active service as  
captains only to keep them dawdling on the  
unemployed list.

##### H.M.S. 'Centurion.'

Our old friend the battleship *Centurion*  
has recently completed the additions to  
her armour and armament, and when  
finished will be a very much more efficient  
vessel than she has hitherto been. New  
and additional casemates, constructed of  
the most modern armour, have been pro-  
vided for the whole of her secondary bat-  
tery, which will consist of six-inch guns of  
the latest pattern. The *Centurion*, a sister  
vessel to the *Centurion*, is about to be  
similarly treated, and a sum of about  
£400,000 has been allocated for this purpose;  
of which £250,000 will be expended during  
the present financial year.

##### The Cochrane Street Collapse.

In the House of Commons on the 23rd  
June, Mr. Weir said: I beg to ask the  
Secretary of State for the Colonies, having  
regard to the collapse of a house in  
Cochrane Street, Hongkong, in August last,  
whereby 41 persons lost their lives, and  
seeing that other buildings in the city are  
built similarly to that which collapsed,  
will he state what steps are taken to se-  
cure the inspection of newly-constructed  
buildings; will he state what sum of money  
is expended in the colony for the purpose,  
and to whom it is paid. Mr. J. Cham-  
berlain: There is a special inspector of  
buildings, and it is contemplated to meet  
the increase in building in the colony by  
additional inspectors. I cannot answer the  
last part of the question.

##### Law Against Juvenile Smoking.

The Tokyo *Tanishin*, a news agency,  
reports that despite the law prohibiting  
young men under age from smoking, the  
consumption of tobacco has sensibly in-  
creased of late, shop-boys and others freely  
indulging in the habit. On seeing the in-  
crease in the demand for very cheap  
cigarettes, manufacturers began to make  
cigarettes with leaf mixed with spoiled  
tobacco, while the manufacturers are at the  
same time trying to cut down the wages  
of workers, with the result that the cigar-  
ettes are badly made. Consumers as a  
body are not only involved in heavy loss in  
this respect. The cigarettes made by some  
manufacturers are found to be specially  
injurious to smokers, and the authorities  
are making investigations with a view to  
putting a stop to the evil. Here again (says  
the *Tanishin*) we see the evils of Go-  
vernment interference. A law is made  
interfering with the liberty of the subject,  
under which the Government tries to usurp  
the functions of parents and guardians, and  
the result is that the Government has to  
enact further legislation with a view to  
dealing with the evils which its action has  
directly or indirectly caused. At the same  
time the law is brought into contempt, be-  
cause it is practically impossible to enforce  
it, and thus evil is done all round.

I have great pleasure in recommending  
Stearns' Wine of Cod Liver Oil and  
consider it one of the best tonics I have  
taken.

Yours truly,  
J. BOWEN.

#### LOCAL AND GENERAL.

##### The Collapse at Venice.

An Austrian official expert ascribes the  
Campanile disaster to earth disturbances,  
particularly to the recent earthquakes in  
Salsitica, and the disturbances reported in  
various parts of the world.

##### Military Education Reform.

The House of Lords have adopted a res-  
olution, brought forward by Lord Montagu,  
urging that steps be taken at the earliest  
possible moment, in order to remedy the  
deplorable condition exposed by the  
Military Education Report.

##### A Municipality for Hongkong.

Mr. Weir, in the House of Commons  
on the 23rd June, asked the Secretary of  
State for the Colonies whether he would  
consider the expediency of establishing a  
Municipal Council in Hongkong on lines  
similar to the councils which have already  
been established at Shanghai, Singapore,  
and Penang? Mr. Brodick: The question  
has been considered from time to time, but  
is not at present ripe for decision.

##### Armed Merchant Cruisers.

A return of Merchant Liners under  
Contract with His Majesty's Government  
for use as Armed Cruisers in War, has  
been issued as a Parliamentary paper.  
There are altogether 49 vessels. The list  
includes 12 vessels of the P. and O. Co.,  
the *Calcutta*, *Poonah*, *Arabia*, and *India*,  
an annual subsidy of £4,500 is paid, while  
the other eight boats, the *China*, *Egypt*,  
*Hamatay*, *Australia*, *Victoria*, *Britannia*,  
*Amelia*, *Ocean* receive no subsidy. There  
is a reduction of 25 per cent. for each ship  
in receipt of payment for carrying mails.

##### Theatrical.

The Neil-Francis Company, a well  
known dramatic organization from the  
United States will visit the Orient during the  
coming season and will play two engagements  
in Hongkong, the first before Christmas and  
the second in the spring on the homeward  
trip, when Shanghai, Kobe and Yokohama  
will be visited. The Company opens at the  
Paz Theatre, Manila, in September, and Mr.  
Daniel Fenwick is the leading man. He is known  
in the United States as one of the best  
repertoire actors. Mr. Leigh D. Bruckart,  
business manager of the Company, arrived  
in Hongkong last Saturday and leaves to-  
morrow for Manila.

##### Hongkong Post Office.

In the House of Commons on the 23rd  
June, Mr. Weir said: I beg to ask the  
Secretary of State for the Colonies whether  
arrangements have been made for the  
establishment of a new Post-office at Hong-  
kong; and, having regard for the present  
number of the postal staff of the Colony,  
will he say whether the question of an  
increase of staff has yet been considered?  
Mr. Brodick: A site for a new Post-Office  
has been bought. In the last three years,  
the postal staff has been increased by nearly  
50 per cent., and at the present moment  
there is no proposal for a further increase  
before me. Mr. Weir: Is not the right  
hon. gentleman aware that the present  
office is utterly unsuitable? No answer  
was returned.

##### Coronation Club Tennis Tournament.

Yesterday, the members of the Kor-  
onation Club held a tennis tournament for  
two valuable silver bowls, mounted on  
blackwood stands, the gift of  
a gentleman. Twelve ladies entered and,  
although the games were very short (it  
having been decided to play the competition  
off in one afternoon), some exciting play re-  
sulted, the competitors evincing keen rivalry  
for the honor of being a winner in the  
first prize competition held under the  
auspices of this new and flourishing  
institution. In the first round, Mrs.  
Robertson and Mrs. Lenn beat Mrs.  
Williamson and Mrs. Barker—6-2; Mrs.  
Edwards and Miss Holmes beat Mrs. Hen-  
derson and Mrs. Quinn—6-4; and Mrs.  
Neave and Mrs. Steele beat Mrs. Major  
and Mrs. Mearns—6-2. In the second  
round, Mrs. Edwards and Miss Holmes  
were fortunate enough to obtain a bye,  
and the tie between Mrs. Neave and  
Mrs. Steele and Mrs. Robertson and  
Mrs. Lenn resulted in a win for the  
first-named pair by 6-2. Mrs. Neave and  
Mrs. Steele maintained excellent form  
throughout the tournament, and succeeded  
in beating Mrs. Holmes and Mrs. Edwards  
in the final by 6-3. The win was very  
popular, and the remark of the donor in  
handing over the prizes, to the effect that  
he hoped it would not be the last one the  
successful ladies would win, was loudly  
applauded. Mrs. Neave and Mrs. Steele fall  
to be specially congratulated on their  
victory, as they are the two most recent  
members of the Club. Mr. J. Galt was  
referee, and performed his somewhat delicate  
task to the satisfaction of all present.

Wir is the helpmeet of good humour.  
They are a typical couple, being very  
rarely seen together.
